Military Trail Palm Beach Gardens</b>	<b>Delray Beach Community Center 50 NW First Avenue Delray Beach</b>	<b>Gwen Margolis Community Center 1590 NE 123rd St North Miami</b>

## PUBLIC WORKSHOPS

Please come share your ideas for future fast and convenient transit services along the FEC Corridor. The SFECC Study seeks to improve mobility by providing new local and regional passenger transit service for eastern Palm Beach, Broward and Miami-Dade Counties along an 85-mile-long, two-mile-wide corridor centered on the FEC Railway. The study is being conducted by the Florida Department of Transportation in partnership with planning and transit agencies of Palm Beach, Broward and Miami-Dade Counties.

Contact Michael Brady in Palm Beach County 561-833-8080; David Ramil in Broward County 1-800-330-7444; or Jackie Kidd in Miami/Dade County 305-573-2049 x 43 for more information, or to arrange assistance or special accommodations under the Americans With Disabilities Act of 1990 at least seven days prior to any of the meetings.
